The **Pagan Solidarity Alliance** Has Formed  
A New Era of Unity, Advocacy, and Sacred Cooperation Begins

In a time when the world feels increasingly divided and voices of wisdom are too often silenced, a new chorus is rising. Across traditions, across generations, and across the globe — Pagan leaders, clergy, educators, and allies are joining hands in a shared act of sacred purpose.

We are proud to announce the formal establishment of the **Pagan Solidarity Alliance (PSA)** — a landmark collaboration dedicated to protecting religious freedom, strengthening community bonds, and ensuring that the voices of Pagan, Earth-centered, and all magickal paths are represented with dignity, clarity, and strength.

## Guided by the Spiral Council

Our newly elected Spiral Council brings together representatives from a wide range of Pagan paths and regions. Together, they embody our guiding principles: transparency, cooperation, and collective wisdom. Their work marks the beginning of a movement — one that honors our diversity while amplifying our shared values of justice, reverence for Nature, and respect for all beings.

We are weaving a living web of solidarity: connecting covens and churches, solitaires and seekers, elders and new initiates, activists and healers — all walking different roads beneath the same sacred sky.

## Our Mission

- **Defend** the rights, safety, and dignity of all Pagans and marginalized communities.
- **Uplift** every tradition, culture, and identity within our shared spiritual web.
- **Empower** local and global communities through education, advocacy, and mutual aid.
- **Build bridges** with interfaith and civil allies to advance understanding and cooperation.
- **Act** — through both spiritual and practical means — to protect what is sacred and foster a more just and compassionate world.

Religious freedom means that **none** of us is free until **all** of us are free — and that by standing together, we become a force for healing and transformation.

## How We Work

PSA operates through collaboration, ethics, and consensus. Our teams focus on **messaging, advocacy, interfaith engagement, digital infrastructure, safety and sanctuary, and ritual empowerment**. Each group blends the magickal and the practical, ensuring that our efforts remain grounded in both wisdom and action.

We are not a hierarchy — we are a network of equals, united by shared purpose and guided by mutual respect.

Whether you are a long-established High Priestess, a community organizer, or a solitary seeker — you are welcome in this circle.

- **Supporting Members** participate in events, service projects, and shared learning opportunities.
- **Participating Members** — including clergy, educators, and organizational leaders and — help shape policy, guide outreach, and strengthen our collective voice.

## A Historic Step Forward

This is more than an organization — it is a **covenant of unity** among all who walk the Pagan paths. We are the living embodiment of our ideals: **Unity without uniformity. Freedom balanced by responsibility. Power guided by compassion.**

Together, we will ensure that Pagan voices are heard, Pagan rights are protected, and Pagan wisdom continues to inspire a world in need of healing and hope.

**Together, we are stronger. Together, we are Pagan Solidarity.**
